

REMARKS

Claims 8, 11 and 14 have been canceled.

Claim 1 has been amended to incorporate the limitations of dependent Claim 8.

Claim 10 has been amended to include the limitations of Claims 11 and 14.

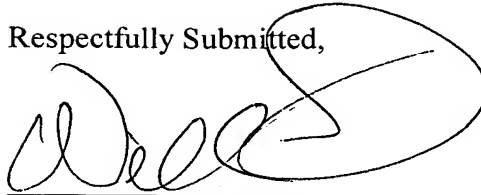

Claims 1 and 10 have each been amended to provide an antecedent basis for the “moveable enclosure”. Claim 1 has also been amended to change “a second pivotal connection” to “a first pivotal connection” for the extension member.

Claim 10 has also been amended to delete the language calling for the length of the boom to be variable as the shaft rotates.

In summary, Claims 1 and 10 have been amended to incorporate limitations from previous dependent claims and have also been amended to cause Claims 1 and 10 to fully comply with 35 U.S.C. 112. The Examiner has indicated that Claims 8 and 14 would be allowable if written in independent form to include all claims upon which Claims 8 and 14 were previously dependent.

The Applicant therefore submits that this application is in prima facie condition for allowance, and such action is courteously requested by the undersigned counsel for the applicant.

Respectfully Submitted,
